

Directions to Charleville Centre – Drive to Tullamore – stay on the bypass N52, do not take any exit for the town centre. It's just like most town bypasses a series of roundabouts. You are looking for the Cloncollog roundabout, (large Tesco on the town side behind filling station)

Take the exit signposted for the Town Centre passing between Tesco and Aldi. Keep straight on going through several roundabouts. Watch out for a large church on the hill and pass it turning right at the next large roundabout (brown finger board sign "Charleville Centre").

The entrance to the Centre is via a traffic barrier – just drive up to it and it will open. If you pass McDonalds you have missed your turn.

For those coming from Limerick Suggest you stay on the Motorway from Limerick until the Roscrea turnoff and then come in via Roscrea and Birr – it's a better road – but most importantly stay on the main road between Roscrea and Birr – sat navs will try and send you to the right up the Slieve Bloom mountains.
